

Suggested Content for an EIS

Cover Sheet

Summary

Table of Contents

Chapter 1 Purpose of and Need for Action

Purpose and Need—Who wants to do what, where, how, when, and why

Background

Scope of the Study—Include decision to be made

Authorization

Relationship to Other Projects and Plans

Scoping Summary

Permits Required for Implementation

Scope of the EIS—a preview of the remaining chapters

Chapter 2 Alternatives Including the Proposed Action

Process Used to Formulate Alternatives

Alternatives Considered in Detail

No Action Alternative

Name 1 Alternative

Alternatives Considered and Eliminated from Detailed Study

Summary Comparison of Alternatives

Chapter 3 Affected Environment (list only resources that are issue driven)

Setting

System Resource Linkages (if possible)

Water Resources

Surface Water

Groundwater

Water Quality

Land Use

Recreation

Vegetation

Wildlife

Fish Species and Their Habitats

Endangered Species

Economics

Social Values

Cultural Resources

Indian Trust Assets

Environmental Justice

Chapter 4 Environmental Consequences

(present resources in same order as shown in chapter 3)

Water Resources

Method of Analysis

Summary of Impacts

No Action Alternative

Name 1 Alternative

(continue these sections for each resource)

Cumulative Impacts

Unavoidable Adverse Impacts

Relationship of Short-term Uses and Long-term Productivity

Irreversible and Irretrievable Commitments of Resources

Chapter 5 Consultation and Coordination

Public Involvement

Scoping Process

Public Meetings

Agency Consultation

Endangered Species Act, Section 7

Fish and Wildlife Coordination Act

Cultural Resources Consultation

Executive Orders

Distribution List

List of Preparers

Environmental Commitments
